Professional Summary

Aspiring Software Engineer with hands-on experience in AI, NLP, and full-stack development. Skilled in Python, Java, C++, and modern frameworks, with a proven record of delivering impactful solutions in academic and internship settings. Strong problem-solving attitude, leadership experience, and a commitment to tech community growth.

Education

Prof. Ram Meghe Institute of Technology and Research, Amravati 2022-2026

- B.E in Computer Engineering **|** CGPA: 7.86/10

Vidya Bharati Mahavidyalaya, Amravati March 2022

- 12th | MSBSHSE | Percentage: 71.00 / 100

Manibai Gujarati High School Amravati, Amravati March 2020

- 10th | MSBSHSE | Percentage: 90.00 / 100

Experience

CodSoft Virtual Internship

- Developed multiple C++ projects, applying OOP and problem-solving, resulting in technical recognition.
- Collaborated on coding challenges and project design with other interns, improving team deliverables.

Projects

Efficient Algorithm & DS Advisor Github

- Built an XLNet-based NLP model to recommend optimal data structures and algorithms for custom problem statements.
- Used PyTorch and Scikit-learn; managed end-to-end training with custom-labeled datasets.
- Achieved 90% accuracy and streamlined workflow for problem analysis.

HealthAI – AI-Powered Symptom-Based Health & Diet Advisor Github

- Developed a web application that provides personalized dietary and lifestyle recommendations based on user symptoms.
- Integrated AI models and delivered real-time, user-friendly insights.

Twitter Sentiment Analyzer(Ongoing) Github

- Full-stack Python app leveraging Twitter API to fetch and analyze tweets for real-time sentiment classification.
- Designed and implemented interactive chart dashboards visualizing public sentiment trends.

Skills

- **Languages:** Java, Python , C, C++, HTML, CSS, JavaScript
- **Frameworks & Libraries:** React.js, PyTorch, Transformers, Scikit-learn
- **Databases:** MySQL, MongoDB
- **Tools :** GitHub, VSCode, API Integration
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithm, OS, CN, DBMS

Certifications

- Python for Data Science – NPTEL
- AWS Academy Cloud Foundations
- Cisco Networking Academy

Extra-Curricular Activities

- Activity Curator, Google Developer Group PRMIT&R (2024–2025):
  Led workshops/hackathons for 300+ students, fostering a vibrant tech community.
- Organized a national-level hackathon at college.
